

Help Draw the Line on Drowning

#1 Cause of Death for Children with Autism

Connections Education Center of the Palm Beaches is holding the annual **Draw the Line on Drowning Campaign, April 1-May 3, 2024**, to raise awareness about the importance of adaptive swim lessons for children with autism and generate funds for adaptive swim lessons for our students.

Children with autism are **160 times more likely to drown** than their neurotypical peers. We've experienced this tragedy among our own student body and know the heartbreak.

During April, our classes are competing to see which can raise the most funds for our adaptive swim lessons. Then, the week of April 29-May 3, students will compete to see who can complete the most laps of an obstacle course in the pool while showcasing the critical swim skills they're learning.

Show the community that you care about children with autism!

Sponsor the 2024 Draw the Line on Drowning Campaign

Deadline: Wednesday, April 3, 2024

\$5,200.
